Allied Armies in Macedonia Continue Unprecedented March Toward Bulgarian Border Which Brings Plea For Peace From Germany's Balkan Ally

London, Sept. 27.—(7 p. m.)—The new British thrust against the German positions in front of Cambrai is progressing satisfactorily, according to the news received here at this hour. The attack is viewed here as a strong British effort to take Cambrai.

### TAKE 16,000 HUNS IN CHAMPAGNE DRIVE

London, Sept. 27.—The number of Germans taken by the French and Americans in their drive in the Champagne and to the east exceeds 16,000, according to a Paris dispatch to the Exchange Telegraph company.

### CONTINUE ADVANCE IN NEW OFFENSIVE

American Army on the Verdun Front, Sept. 27.—(10 a. m.)—The American advance continued during last night on the front of the offensive launched yesterday. The American patrols pushed forward maintaining contact with the enemy. Stout machine-gun resistance met during the late night at one point was quickly overcome with tanks and artillery.

The weather today was thick, light rains having begun in the early morning in the field of the American operations obscuring observation.

### SERB ADVANCE TOTALS 55 MILES

London, Sept. 27.—In the successful continuance of their drive northward the Serbians have entered Ishtib and captured other important points, says the Serbian official statement of Thursday.

A great number of additional Bulgarians and Germans have been captured by the Serbians, who also have taken enormous quantities of war materials.

Serbian cavalry has entered Kochana, 20 miles northeast of Ishtib and 14 miles from the Bulgarian border, southwest of the important railroad of Kustendil.

The Serbians now are west of the Ishtib-Veles road and have captured the height of Bogoslovets, south of the road. North of Demirkapu in the direction of the Bulgarian border, the Serbs have captured the ridge of Beli Kamen.

The Serbian official statement announces that Serbian cavalry has reached a point 55 miles, as a crow flies, north of the line from which the offensive was started.

### PARIS REPORTS "SATISFACTORY PROGRESS"

Paris, Sept. 27.—(11:30 a. m.)—Reports at this hour from the battlefield in Champagne from the Snippe and Meuse rivers indicate that the attack of the French and American forces is progressing under the most favorable conditions.

General Gouraud's Fourth army in the Champagne resumed its attack this morning from the positions captured from the Germans yesterday.

The assault is progressing satisfactorily. The French have attained all their objectives.

The prisoners captured by the French today have not yet been counted.

The allied troops in Macedonia have captured more than 10,000 prisoners, says a statement from the French war office tonight. More than 200 guns also have been taken.

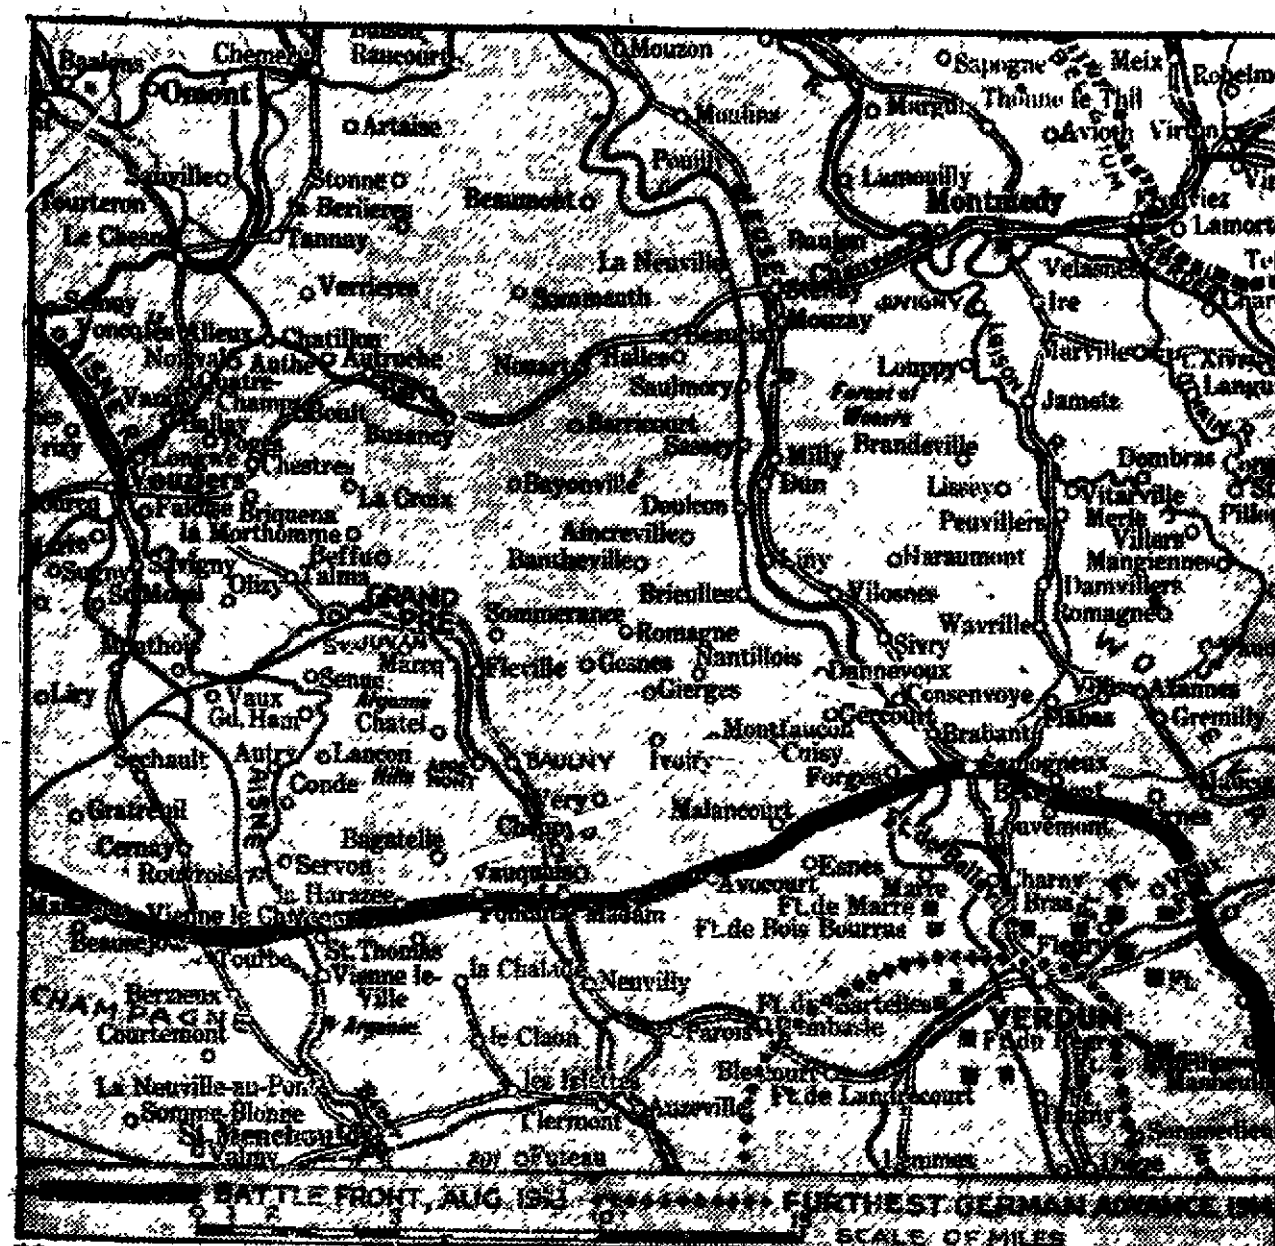

### FOE IS SURPRISED AT SPEED OF AMERICANS

With the American Army on the Verdun Front, Thursday, Sept. 26.—(10 p. m.)—The American troops took the Germans somewhat by surprise by the speed of their attack today and without giving the enemy time to recuperate they pushed him steadily northward. This evening the Americans between the Argonne and the Meuse had reached Malancourt, Mont Faucon, Culey, Dannevoix and other towns along the line.

The example of irrepressible speed of the American troops was followed by the men in the other American units.

The opposition met with at Mont Faucon and Dannevoix and a few other points indicated that the German resistance was becoming stronger and it was apparent the enemy had had

Americans Continue Drive Between Meuse and Argonne Forest.

The speed of the Americans, attacking on the front between the Argonne forest and the Meuse river, took the Germans by surprise, dispatches from the front indicate and the Yankees pressed forward for an average gain of seven miles. The white line on the map indicates the extent of the present line on the left and the Meuse river on the east. The French attack made in conjunction with the assault by Pershing, was made to the west of the Argonne forest.

## DRAFT LOTTERY IS SET FOR MONDAY

Seventeen Thousand Numbers Will Be Drawn, Requiring 26 Hours to Complete Work.

Washington, Sept. 27.—Monday, September 30 was set by Provost Marshal General Crowder today as the date for the national draft lottery to determine the order, in the classes to which they be assigned, of the 13,000,000 men from 18 to 45 who registered for selective service, September 12.

The drawing will take place publicly at the senate office building and the numbers will be given to the press and the country by district draft boards as quickly as the list can be printed and put into the hands of the boards by mail.

It will be necessary this time to draw one at a time, approximately 17,000 capsules, containing the serial numbers and it will require approximately 26 hours to complete the task.

The government has requested that Banning is a naturalized American citizen.

### MAYOR'S PROCLAMATION

Owing to the fact that the launching of the Fourth Liberty Loan is to occur on Sunday, September 29, it is hereby ordered that no automobile be parked in or on the Public Square of the City of Newark, between the hours of 12 o'clock noon and 6 o'clock p. m. of said date.

People living in the rural districts have been sent permits by the committee for use on this occasion only. This exemption does not apply to those living in the towns or where other means of transportation may be had.

H. A. ATHERTON, Mayor.

## WOMEN'S BAND SECURED AS FEATURE OF BIG LIBERTY LOAN CELEBRATION

Committee Announces Formation of Parade and Line of March—Big Body Will Move In Six Divisions—Six Bands Will Take Part

Chairman Darrow of the parade committee Friday morning issued a call to all township chairmen to come to Newark Saturday to secure the permit "streamers" to be sent to the parade grounds in the country allowing the use of cars for the trip to Newark Sunday to attend the Loan celebration.

The opening of the fourth Liberty loan in Newark is to be heralded by one of the largest demonstrations in the way of a parade that the citizens of Newark and Licking county have ever witnessed. It will far surpass any previous parade in the opinion now of the committee of arrangements who have been working night and day to make it a success. It seems now that it will succeed for lodges, fraternal organizations, societies, military and labor organizations, clubs and the different industrial plants of the city are doing their best to get their members out and are lending their utmost efforts to the committee in every way possible to make it a big success.

The committee announces another big hit for the parade. It is the famous American Ladies' Military band, consisting of 50 members. It is known all over the country for its high given concerts in nearly all the larger cities and in the various cantonments throughout the country. It is on its way to give concerts to the boys of Camp Sherman. It took hard work to get the band, but the manager was prevailed upon to join in Newark's celebration. It is donating its services like the Buckeye band, the Great Lakes Naval band, and other bands that will appear in the big demonstration. The government has requested that moving pictures of the parade be taken so it can show our boys "over there" how we back home here are lending our support to them. George M. Fenberg has secured a photographer to make the movie pictures. Signs will be placed on the streets to show where the different divisions will form. Thursday, according to the official statement from Newark, will be in (Continued on Page 11, Col. 3)

The French and American troops had taken the front of both sides of the Argonne forest and the line of the Meuse.

## BULGARIA ASKS FOR ARMISTICE

FRENCH COMMANDER REFUSES TO SUSPEND OPERATIONS BUT AGREES TO MEET DELEGATES OF BALKAN GOVERNMENT

## LONDON OFFICIALS SEE INDICATION SERIOUS REVOLUTIONARY ACTIVITY

Premier Requests Cessation of Hostilities and Meeting to Arrange Conditions of Armistice and Eventual Peace—Berlin Says Ferdinand Opposes Move

PARIS, Sept. 27.—The French commander-in-chief in Macedonia officially reports today that the Bulgarians have asked for a meeting to arrange the conditions of an armistice and eventual peace.

The French commander replied, refusing to suspend the operations, but saying he would receive duly qualified delegates of the Bulgarian government.

### SEE BEGINNING OF BULGARIA'S END

Washington, Sept. 27.—The Bulgarian plea for an armistice on the Macedonian front pending peace conferences is viewed here with mixed sensations, though nowhere is doubt felt that the invasion of Bulgaria by the victorious allied armies marks the beginning of the end of that country's career as an active ally of Germany.

In military quarters the belief is expressed that Bulgaria is whipped and ready to quit, and that the peace proposal actually came from the army and Premier Malinoff without the knowledge or consent of the German-controlled court.

On the other hand, some government officials are strongly inclined to suspect another phase of the general Teutonic peace offensive.

### GERMANY TO SEND PROTEST TO BULGARS

London, Sept. 27.—Germany intends to send a solemn protest to Bulgaria against Premier Malinoff's request for an armistice, according to Berlin reports received at Amsterdam and forwarded by the Exchange Telegraph company.

### SAY FERDINAND ASSENTS TO PROPOSAL

Paris, Sept. 27.—General Franquet d'Esperey, commanding the allied armies in Macedonia, has telegraphed to the French government that a high Bulgarian officer has presented himself in behalf of General Torodov, commanding the Bulgarian army, asking the suspension of arms for 48 hours to permit the arrival of two authorized delegates from the Bulgarian government.

The minister of finance, Liapcheff, and General Loukoff, commanding the Bulgarian Second army, are on their way to the French headquarters with the assent of King Ferdinand to arrange the conditions of armistice and eventually the terms of peace.

The French commander reports that the Bulgarian request reached him through an intermediary, the general commanding the British army in the east, forming a part of the allied command. General d'Esperey's reply therefore asked the Bulgarian delegates to present themselves to the British lines.

## BERLIN SAYS OFFER CREATES DISPLEASURE

London, Sept. 27.—Premier Malinoff of Bulgaria has made an offer of an armistice to the allies, according to a Berlin message transmitted by the Exchange Telegraph correspondent at Copenhagen. The message states that the premier's offer was made without the support of other members of the cabinet or of King Ferdinand.

The Berlin message says that Malinoff's offer has created great dissatisfaction in Bulgaria and that strong military measures have been taken to support the Bulgarian front.

According to statements from Sofia, by way of Jassy, it is added, a counter movement against the action of the premier has already been set on foot. (This would seem to indicate that a revolution is in progress in Bulgaria.)

### MAKES OFFER TO COMMANDER

Amsterdam, Sept. 27.—The Bulgarian premier's offer of an armistice was made to the leader of the entente troops operating against Bulgaria, according to a Berlin message received here.

The Berlin message to Copenhagen gives the first indication of any movement made by Bulgaria to approach her enemies with conciliatory proposals. The message in its bare outlines, would seem to indicate that the premier had taken matters into his own hands and attempted to initiate a

peace move for Bulgaria independently of the dynasty.

A move so made might ordinarily be considered, in a broad way to amount to a revolutionary act and possibly point to the execution of a coup d'etat in Sofia.

The indications in the news from Bulgaria recently have been that the country was in a somewhat disorganized state with widespread discontent manifest over the promulgation of the war, in the future prosecution of which the Bulgarian people were able to get little advantage to them. There can be no doubt that the successful offensive of the allies now in progress in Macedonia has accentuated this tendency.

It is known that M. Malinoff, who took the premiership in June last was friendly to the entente in the earlier stages of the war before Bulgaria's entrance, and there have not been wanton predictions that he might in some way seek to use his influence toward extracting Bulgaria from the untenable position which she would occupy in the event of a German defeat in the war, which doubtless appears to him to be impending.

King Ferdinand himself has not been above the suspicion of entertaining a like desire, although nominally he has been loyal to his Teutonic allies in all utterances. In this connection the avowal of the Bulgarian reply to the Austrian peace note with the readiness it expressed to accept President Wilson's principles for the settlement of the war was held not to be without significance.

It will be noted that the news of the Bulgarian act comes from German sources and while its accuracy as to the main fact of the offering of the armistice cannot be doubted it may be questioned if it reflects accurately the state of mind and attempted to initiate a

## HEBRON DOCTOR IN MARNE FIGHT

Lieutenant Bozman, With the 149th Field Artillery, Says Yankees Can't Be Stopped.

"The devil himself cannot stop our boys when they get started," according to Lieutenant C. G. Bozman, M. R. C., a former Hebron physician, now in France with the 149th field artillery, in a letter written September 3 to J. W. Bartholow of Hebron. "I have seen some real fighting since I came over here," his letter continues, "and am proud to say that I was here in time to take some part in the last big battle of the Marne. It was, no doubt, the greatest battle of the war."

"When at home I could usually find time to write on a Sunday, but here every day is the same and difficult to know when Sunday comes unless we ask the chaplain, and often he forgets."

"Since I left home we have traveled over a great expanse of country. First, we traveled through England, which is one of the most beautiful countries I have ever seen. The ground is very fertile and rolling with wooded spots here and there, and an old mansion secluded in them although most of the land is being cultivated now, due to the war measures in force. Their railways are the finest in the world and the public roads are all equal to our National pike. Their livestock are all of the finest grade—fat, and plenty to eat. The workers are mostly women and old men not able to fight; all women street car conductors, etc."

"There seems to be much less to eat or the food laws are more in England than in France, for here we get anything we want to eat. For instance: Sunday dinner we had fried chicken, potatoes, green peas, lettuce, cheese, bread, coffee and cake. Our meals run about the same all the time."

"When we are not on the firing-line we are generally billeted in some town where we have real honest-to-goodness beds to sleep in for which we are always thankful. While in such a place—August 28—the Masons of the regiment, who after coming over here, formed a club known as the Acadia club, gave a banquet in a little old cafe near where we were billeted, and the Masons always do we had one grand time. There were about 100 present—everything from the buck private to our lieutenant colonel."

"The dinner was arranged by some of the boys in 24 hours and we decided to pull it off and consisted of the following: roast lamb, potatoes, green peas, lettuce salad, red wine, coffee and bread. After dinner, Lieutenant Bush was introduced as toastmaster, and he was said: whenever you find men you will find Masons among them. Masons have always stood for right and justice for time immemorial and today are giving more freely for the sake of preserving democracy in the world. We had a few men in the hospital and resolute were adopted that our chaplain, who is one of us, should find if they were in need of anything and report whereupon they would be taken care of. Arrangements have been to take care of all our wounded and to properly mark the graves of all those that may have the misfortune to lose their lives in this great struggle and notify their respective lodges and the relatives."

"I have seen some real fighting since coming over here and am proud to say that I was here in time to take some part in the last big battle of the Marne. It was, no doubt, the greatest battle of the year. The devil himself could not stop our boys when once they start after the boche."

"I can say for the Red Cross that they are doing some mighty good work here and have already secured me after losing all my equipment. There are a great number of things that a person needs that is impossible to buy and can only get through the Red Cross or 'Y'."

"Today our boys are enjoying a baseball game and a play put on by regular actors from the U. S. It is the first play they have seen for six months and they certainly are enjoying it to the fullest extent. This has all been arranged by the Y. M. C. A."

"Don't ever stop boasting the Red Cross and Y. M. C. A. for we need their support as well as that of our people individually. I sincerely hope that our people will never have to suffer as poor old France has. The women, both old and young, do the work of a man, wearing hobnailed shoes and coarse clothes, out in the field cutting wheat and binding it, making the hay, hauling it in, and stacking. The French are very peculiar in their quaint old ways—for instance: they use two-wheel wagons and drive the horses or cows tandem."

"The roads are better than most of our city streets and have been planned at regular intervals along the sides. The people all live in little villages, which are from one to three kilometers apart. The houses are all of stone and have either stone or tile-roof. The barns are under the same roof and the manure pile in front of the door."

"In every town there is a church which always has a high steeple with a clock in it. These old churches that have stood for ages are very interesting to inspect. There is a fascinating thing about them that is hard to describe. There is also many an old cathedral that has been destroyed by this war that can never be replaced. France is one thing and Paris another. Paris is a very beautiful city with its fine old historic and artistic buildings. While I was there the boche turned old Bertha loose and shelled it for two or three days. The people would do no more than shrug their shoulders when a shell would explode."

"All of the historic monuments and buildings are encased in sandbags and cement to protect them from the air-raids. The shrapnel of the anti-aircraft guns often do quite a little damage. The only saying of 'All that comes up must come down' applies here."

"Address: Lieut. Clarence G. Bozman, M. R. C., 149th Marine Artillery, A. P. O. 715, American Expeditionary Force, France, via New York."

Hotel Clerk Wants Fellow-Sufferers to Profit by Nerv-Worth Experience.

While the following statement from J. A. Hurd, at the time night clerk of the Hotel Murray of Cambridge, O., is of value to every reader who bears the burdens of nervous ills, it has especial significance for aged ailing folks, for Mr. Hurd over three-score and ten, Druggist Carl Brennan of Cambridge, reports that Mr. Hurd's high praise of Nerv-Worth came when that gentleman was a caller at the Brennan store to purchase a second bottle of the tonic. On being asked if the medicine was doing him any good, Mr. Hurd replied:

"It is the boss medicine! Two years ago I had a stroke of paralysis which left me in bad shape. The doctors could do nothing. I had no appetite and could not remember anything. Was very nervous. A lady stopping at the hotel recommended Nerv-Worth. The first dose helped me and now I feel entirely a new man. I am 72 years old, but eat more in one meal than I used to in three days. Regained my memory and getting over my nervousness. Sleeping and general health much improved. I think that by taking another bottle or two (of Nerv-Worth) will be entirely cured. You can use my name and welcome if it can be the means of helping some other sufferer."

## CATARRHAL DEAFNESS AND HEAD NOISES

Tells Safe and Simple Way to Treat and Relieve at Home.

If you have catarrh, catarrhal deafness or head noises caused by catarrh, or if phlegm drops in your throat and has caused catarrh of the stomach or bowels you will be glad to know that these distressing symptoms may be entirely overcome in many instances by the following treatment which you can easily prepare in your own home at little cost. Secure from your druggist 1 ounce of Parment (Double Strength). Take this home and add to it 1-4 pint of hot water and a little granulated sugar, stir until dissolved. Take one tablespoonful four times a day. An improvement is sometimes noted after the first day's treatment. Breathing should become easy, while the distressing head noises, headaches, dullness, cloudy thinking, etc., should gradually disappear under the tonic action of the treatment. Loss of smell, taste, defective hearing and mucus dropping in the back of the throat are other symptoms which suggest the presence of catarrh which may often be overcome by this efficacious treatment. It is said that nearly ninety per cent of all ear troubles are caused by catarrh and there must, therefore, be many people whose hearing may be restored by this simple, harmless, home treatment. T. ## JOHN R. MOTT SPEAKS AT 2 WAR MEETINGS

International Y. M. C. A. Leader Delivers Two Addresses to War Workers in Columbus During Day.

(ASSOCIATED PRESS TELEGRAM) Columbus, Sept. 27.—Dr. John R. Mott, head of the International Y. M. C. A., was the principal speaker at two war meetings here today. Dr. Mott's major address was delivered at a meeting of united War-work campaigners, assembled at Memorial hall, from every county in the state. The Y. M. C. A. executive devoted a portion of his address to instructions to the 1300 men in attendance to aid them in raising Ohio's \$10,550,000 quota in the campaign throughout the country the week of November 11, which has as its object the subscription of \$170,500,000 for the Red Cross.

Friday morning Dr. Mott spoke before 250 college and university students from all parts of Ohio. Governor Cox and Colonel Rivers, commandant at Camp Sherman, shared the platform with Dr. Mott at the Memorial hall meeting.

Controlled by a wind vane so that it will be pointed in the right direction, an electric light outfit has been invented to illuminate flags flown at night.

## FOR SECOND ISSUE OF WAR SAVINGS STAMPS

Congress Plans New Series; Ohio Buys in Millions.

Columbus, O.—(Special.)—So important a feature of the country's welfare have become War Savings Stamps that the United States treasury department has taken over from the National War Savings Committee the details of the sale of these securities in the nation. Congress is authorizing another issue of \$2,000,000 in War Savings Stamps for next year.

People of Ohio have been quick to grasp the advantages of investing in War Savings Stamps, as evidenced by the sale in this state to date of more than \$67,000,000 of these securities. War Savings Stamps bear the unique merit of being in the form of a government bond, available in denominations of \$5, purchase of which gives the investor instant possession of the security he has contracted to buy. These securities bear 4.27 per cent interest.

No other security is so well adapted to wartime investment purposes for all of the people as War Savings Stamps. Their special fitness arises from the great security behind them, their easy convertibility into cash, if necessary, and freedom from all forms of taxation. The very nature of these securities supplies a demand from not only those close to the financial markets of the nation, but to people in the most remote sections.

With all the remarkably valuable investment features of War Savings Stamps, the greatest reason for buying them is to furnish the government with the money it needs to feed and supply its army and navy. "This money must come into the treasury just as regularly as possible," the Ohio War Savings Committee says. "The men and women of America, who appreciate the blessings of living under the Stars and Stripes, will do all they can that Old Glory may continue to triumph in the battles for the freedom of mankind."

To all the people of Ohio this message has been issued:

"You are counted among those who have your liberty and your country, are you not? Then help in this matter of protecting your liberty and your country by investing a part—as large a part as you can—of your earnings in the world's best investment, War Savings Stamps."

## DAYLIGHT SAVING.

Now that we have had a season of longer evenings under the daylight saving plan, we can begin to figure up and see what we have gained.

The most obvious results are time secured for outdoor work and recreation, saving in light bills, better working conditions. Under daylight saving the production of back yard gardens is probably double. Theoretically people might just as well get up at 5 a. m. and work an hour in their garden before breakfast. As a practical proposition they would never do it. After the evening meal they are in the mood for it, if we give them the light to do it by. Women say the good light helps them do more sewing. A certain fatigue goes with artificial light, and factory production should have been better under this system.

An employer of labor is quoted in the newspapers as saying that the change had given his help a new outlook on life. It had enabled them to take up new interests. Whereas formerly they could do nothing after supper but loaf around the streets and hangouts, this summer they did garden work and the younger fellows went into outdoor sports. The long daylight promoted neighborly intercourse and people got better acquainted and made more friends.

The life of a great many people is work, eat, sleep, the same old round day after day. The monotony wears a man out faster than the actual toil. The human body needs a certain amount of variety of keep it at its best.

There is no doubt that daylight saving helps create variety in daily life for a great many hard working people. The plan should be made permanent. It has pleased all classes of people, except possibly those that have artificial light to sell, and in these days of high priced fuel they are not objecting to the conservation of light.

## NEW CALL ON WOMEN.

The government has a list of 3,373,000 women who have signified willingness to enter any work the government may find they are needed in. Up to now there has been no urgent call on women to take up men's work for patriotic

reasons. The women who have taken men's places have largely been those who were glad to get business positions.

But now that we undertake to put 5,000,000 in France, we must make a direct call on the woman power of the nation to help keep the industries of the country going. There are as not many idle women as there used to be. The great majority of them today are doing their own housework. That takes about all the time and strength the ordinary woman has to give.

Still there will be a good many homes where a woman could give several hours a day to work that would release a man. There are many callings where a force of part-time workers would give a lot of help.

Unmarried women and girls will hear an urgent call to enter some kind of service. In England wealthy and aristocratic women have gone into the munitions factories, side by side with the humblest toilers. Some of them are perhaps injuring their health. But others will be better off for regular employment. It is up to employers, however, to make sure that the conditions under which they work are healthful.

These are times when most of the young girls train for some business and professional position and go to work when they leave school. There are, however, a considerable number of young women who do not need to work for any financial reasons, who remain at home until they are married. These girls are highly cultured and intelligent, and can do a lot of good in any industry they enter. The government needs every one of them. They will be benefited by some experience of ordinary business life.

## DIG IN NOW.

The way to stop the \$150,000,000 fire waste in the United States each year is to prevent fires. The time to stop an evil is before it starts.

Now that the fuel administrator has asked the people to burn wood whenever possible, there is an added danger of fire because wood will "spark."

State Fire Marshal Fleming urges the people of Ohio to "dig in" now and fortify against winter fire dangers before the snow begins to fly. Stoves and chimneys should be inspected and repaired where necessary, water supply pipes, fuel storage and sprinkler systems should be put in order, cellars and attics should be cleared of debris including waste paper and boxes, defective wiring should be repaired and every precaution should be taken to guard against the menace of fire.

Swinging gas brackets must go, likewise rubber hose attachments to gas burners. Mantel drapery invites a fire, open fires should be screened, flexible gas tubing for lighting is a serious hazard.

Don't throw lighted matches or cigar stumps into a waste basket, keep the matches in a safe place and away from children. Use good common sense, keep premises free from trash and take every possible precaution. An ounce of precaution is worth a pound of cure.

## CASH ON HAND.

In the advance report by State Auditor A. V. Donahy to the governor and the general assembly appears this paragraph:

"It is gratifying to note that for the first time since 1914 the receipts of the state government the past year have exceeded the expenditures."

This is in the face of the war administration which has added new burdens and new needs. Receipts exceeded expenditures by \$870,226.91. The total cash balance at the end of the fiscal year, 1918, was \$7,355,807.60, the largest balance since 1914.

## ROOSEVELT'S TRIBUTE.

In a speech at Cincinnati Theodore Roosevelt said "Ohio has a great war governor." Ohio is everywhere recognized as one of the leaders in war support. This state leads by many millions in the sales of War Savings Stamps, and has more Liberty Loan Plans than any other. The federal government is constantly drawing from the forces of the state defense council to aid in the national administration.

## GERMANY'S PREPARATION.

(Philadelphia Record.)  
The German order of June 9, 1914, to all manufacturers to open the sealed mobilization envelopes in their hands had been known before our Government published its official statement last week. It proves that 19 days before the murder of the Archduke Francis Ferdinand Germany was beginning to mobilize its army. It is the same Germany that a few days later treated Russia as a foe, which had already mobilized, as a declaration of war which must be withdrawn in 12 hours or hostilities would follow.

But there was another order of June 9, 1914, which the world knew nothing of until our Government published the document last week. It involved the United States, also, though neither here nor among our Allies was there any thought till the war was nine months old that we should be dragged in. But Germany knew what it was going to do, and it anticipated every correct move that would influence us. The document is as follows:

General Staff of 14 military attaches in the countries adjacent to Russia, France, Italy and Norway. In all branches German banks in Sweden, Norway, Switzerland and the United States special war credits have been opened for subsidiary war requirements. The General Staff is authorized to avail itself in unlimited amounts in these credits for the destruction of the enemy's factories, plants, and the most important military and civil structures. Simultaneously with the investigation of strikes it is necessary to make provisions for the damaging of motors, of mechanisms, with the destruction of vessels, setting incendiary fires to stocks of raw materials and finished products. Deprivation of large towns of their electric energy, stocks of fuel and provisions. Special agents detailed to be at your disposal will deliver to you the necessary incendiary devices and a list of such persons in the country under your observation who will assume the duty of agents of destruction.

At the time this circular was issued, and for nearly eight weeks thereafter, Germany had no "enemy." But it had determined upon war. In the spring of 1913 an altogether unprecedented increase of the German army was made because of the defeat of Turkey in the first Balkan war. This was the explanation given by von Bethmann-Hollweg. In August Austria proposed an attack on Serbia, the principle was gained by the two Balkan wars, but Italy would not join her, and the matter was dropped for the time. In the following winter the New York agent of the Hamburg-American Line received a code word to supply German cruisers in the North Atlantic. In June, 1914, mobilization was begun and plans were made for sabotage and incendiarism in all countries sharply. The end was Germany was going to make. On June 28 the Archduke Francis Ferdinand was assassinated, and one week later, July 5, a conference at Potsdam decided to make that the pretext for the war, which was to destroy France and Russia. Germany did not believe England would come in.

But why was the United States included in this order? Because it anticipated that France and Russia would get supplies here, and therefore the plans were made for strikes, fires, explosions and miscellaneous sabotage. It was probably anticipated, also, that the way Germany intended to make war would force America into the list of its enemies.

## Spirit of the Press

**Baku.**  
It is disappointing to find that the British cannot hold Baku, which they look so dramatically, but the news is not so discouraging as it would have been earlier in the war. Had the Armenian troops given them better support, they might have held on. It is not so much the military inferiority of these that deserves censure as their treachery. They had so little regard for their Allies that they engaged in negotiations with the enemy to hand over the town. All that can be said for the Armenians is that they have been under the harrow so long that they have lost, not only their courage, but their honesty. They may hate their oppressors, but they cringe to them the moment they are in any danger of their wrath.—Philadelphia Public Ledger.

**Germany's Disappointment.**  
Berlin pretended that the Austrian peace note was an independent act of the Austro-Hungarian government, in which Germany had no share, but we have no doubt the frenzy of the German newspapers over the quick rejection of the proposal reflects the feeling of the Kaiser and his official subordinates. Nor is this feeling confined to the government organs. All classes of newspapers express their disappointment in the strongest terms. Running through all their comment is the anger of baffled villainy, and the hypocrisy of arrogance made humble. They know now that a military victory for them is impossible, and that a military victory for the enemies is certain unless they can prevent it by diplomatic measures or by peace propaganda in enemy countries.—St. Louis Globe-Democrat.

**Wonder What It Is.**  
It may be noted that mighty few clerks and office workers are complaining that gasless Sundays bar them the use of their cars. "There's a reason,"—Marion Star.

**Can't Get Away.**  
One of the Metz forts is called the Crown Prince. Here is one Crown prince that can't get away by kangaroo jumping.—Louisville Courier-Journal.

**Unanimously.**  
The \$3,000,000,000 revenue bill was passed unanimously by the House of Representatives in Washington on Friday. The vote was 259 to 0. It is the largest tax bill ever reported for the consideration of any nation's legislators. Both the great parties, all the people, are united in the feeling that the war shall be won. This is another piece of news from America which the mad rulers of Germany would do well to heed. President Wilson spoke no idle words when he declared that our resources are pledged to the winning of the war. Germany must understand that a nation with the resources and with the spirit to make war preparations on this colossal scale will never permit the war to end save by complete victory, acknowledged by the enemy.—New York Times.

## CANCEL LOCAL CALL FOR OCT. 10

Draft Board Ordered Not  
To Entrain Men For  
Camp Sherman.

The entrainment of select service men has been cancelled according to an order issued by Provost Marshal General Crowder, owing to the epidemic of the disease known as Spanish influenza.

At 1 o'clock this afternoon the local draft board received a wire from Provost Marshal Crowder cancelling the order for entrainment of 22 men from the city for Camp Sherman on October 10. However, no word has been received regarding the entrainment of five limited service men for Jefferson Barracks, Mo., on October 3, and unless an order is received these men will leave at that time.

The work of mailing and filling out the questionnaires and preparing for the work following the drawing of the draft number next week, is engaging the time of the local board.

Opens.

(Associated Press Telegram)  
New York Sept. 27.—President Wilson's address at the Metropolitan opera house here tonight, signaling the opening of the national campaign for the Fourth Liberty Loan, was awaited with intense interest and thousands of people clamored in vain for tickets of admission. The available 5,000 seats have been reserved for Liberty Loan committees of the 50,000 committees from the New York reserve district, about 8,000 came here yesterday from out-of-town in the hope of seeing and hearing the President. Committee headquarters has been swamped with requests for tickets from the general public for two days.

## BRITISH CROSS CANAL IN DRIVE TO CAMBRAI

British Headquarters in France, Sept. 27.—(Reuters)—Field Marshal Haig's forces at dawn this morning drove an attack over a wide front, south of the Senne river. A heavy rain falling during the early hours made the work of assembly more difficult but some time before zero all the troops were in position the rain had ceased and the attack was launched in thick haze which assisted in bewildering the enemy as to the extent and direction of our movement.

About nine German divisions (122,000 men) are understood to be opposing Haig's men. So far the battle seems to be going well for the British.

By 9.30 o'clock this morning the British appeared to have crossed the Canal du Nord defenses on a front of more than three miles and to have advanced to a maximum depth of approximately a mile and a quarter.

As early as 8.45 o'clock one or more of the British tanks were reported by an airplane message to have been seen in the early morning hours. The reports were that some of the British were approaching Bourlon spur.

The Canadians, who drove forward across the canal du Nord above Moeux, were reported at 6.30 o'clock as having been seen about a mile west of Bourlon wood.

(Bourlon wood formed the chief obstacle to Cambrai for General Byng in his attack last fall.)

## THE COURTS

**Cross Petition.**  
An answer and cross petition has been filed by the defendant in the case of Edna L. Lee against Charles H. Lee in probate court in which the defendant charges that plaintiff while residing at Brownsville became enamored of a young man 16 years of age and would hug and kiss him, and that she accepted attentions and company of other men. In spite of this however he has a home provided for her in Newark and is willing to live with her. He also alleges that since she has filed divorce proceedings they have lived together as man and wife. He asks the court to dismiss the petition of plaintiff.

**Real Estate Transfer.**

## CITIES BUY W. S. S. HEAVILY

Eight Largest Cities Absorb \$25,000,000 of These Securities.

Columbus, O.—(Special).—The sale of War Savings Stamps in the larger cities of Ohio is mounting in huge figures, considering the small denomination of the securities. The total for the eight large cities of the state is nearing \$25,000,000.

In Cleveland the sale of War Savings Stamps now amounts to more than \$7,000,000. If this large sum was represented in Thrift Stamps, it would require 28,000,000 such stamps to secure the \$7,000,000. People of Ohio have, however, been purchasers principally of the stamps of the larger denomination.

## DAUGHTER LEARNS OF FATHER'S DEATH HERE

Miss Helen Marie Catton, daughter of Herbert Catton, who died at the Great Lakes training station, Wednesday, of Spanish influenza, returned this morning in company with Miss Bess Turner, of this city. They went to Chicago to visit Mr. Catton and it was while they were there he was taken ill with the disease. Miss Turner and Miss Catton were guests at a Chicago hotel and for the past few days have not felt well. Bess, returning home yesterday they called the station in regard to Mr. Catton's condition but were not able to learn anything. They were shocked to be told of his death Tuesday when they arrived here this morning. Both young women are under the care of Dr. Nye. No information has been received here as to when the body will arrive.

**Why hens go on a strike!**

Feed elements that make chicks differ from those that make yokes. Hens must get both elements or they can't lay.

Missouri Experiment Station tests prove that 100 lbs. of wheat, corn, oats, barley and kafir corn make an average of 224 yokes to 154 whites. Based on similar data

**HUNDREDS OF GARMENTS DONATED TO BELGIANS**

Many Bundles Brought to Y. M. C. A. Room by Newark People—Eight Boxes Are Already Packed.

Bundles wrapped and unwrapped, boxes and baskets of clothing are still being brought to the corner room in the Y. M. C. A. building to help relieve the Belgian sufferers.

Eight more boxes were filled and made ready for shipment this morning. The Women's Relief Corps of the G. A. R. who are in charge, are more than pleased at the large amount donated and the action of such a generous group in the line and on the roads.

Wagon trains were attacked and dead horses and debris blocked the path of those who shortly afterward sought avenues of retreat.

**FOE RETIRES TO LINES PREPARED IN REAR**

With the American Army on the Champagne front, Thursday, Sept. 26, (Reuters)—Last night's bombardment of the German lines preparatory to the attack begun this morning was a magnificent spectacle. It was a cloudless night and thousands of guns, all firing furiously, wreathed the sky in a ceaseless spangle of flame-like myriads of fire-flicks. For six hours the roar of the cannon—like the roll of a giant drum—was unbroken. The enemy is reported to have been suspicious of an attack somewhere in the Champagne sector, or toward the Meuse, and for the past 10 days was watching this front closely. During the 48 hours preceding the attack he had increased his reserves in this region from four to 23 divisions.

**YANKES BEAT ENTIRE FIFTH GERMAN ARMY**

(Associated Press Telegram)

Paris, Sept. 27.—American troops in their attack northwest of Verdun appear to have attained all and more than all they attempted.

The Americans were confronted by the German Fifth Army. This has been diluted which explains the relatively small number of prisoners taken.

The American advance over most difficult grounds amidst woods is looking upon here as a fine feat of arms.

The German line, which has been dominated by the horizon was passed by the Americans and is now well within the newly conquered ground.

The Argonne forest itself is "dead ground" between the two attacking fronts, but the capture by the Americans of Mont Mainville (on the eastern outskirts of the forest) bottled up the Germans holding the positions in front of Four de Paris. Germans there now have the French in front of them and the Americans at their backs.

The Germans, it is believed here, have only one division in the Argonne. This force now has no other means of retreat but over the rough roads leading northward through the woods.

"By taking Varennes and Mont Four, we cut a series of positions that General von Gallwitz considered so impregnable that he could not have taken indispensable precaution," says Maurice Huttin in the Echo de Paris. "The Americans have given a magnificent new addition of their victory in the St. Mihiel salient."

**BULGARIA ASKS**

of affairs in Bulgaria which accompanied and followed the offering.

The fact that counter measures have been found necessary would appear to indicate that the premier was supported by the cabinet.

The publication of which would make it seem that what amounts to a revolutionary movement is in progress in the Bulgarian kingdom. Whether this would necessarily effect the dynasty may be left to the future.

As far as received to not warrant the drawing of definite conclusions.

At any rate it seems that the disorganized state of affairs at Sofia points either to the success of the armistice move or to the weakening of the Bulgarian monarchy to such an extent as to make it doubtful if the Bulgarians will be able to put up a really effective defense against the threatened invasion of their soil in force by the entente armies now sweeping the Bulgarian troops back in Serbia.

**Chicago Grain and Provision.**  
(Associated Press Telegram)

Chicago, Sept. 27.—Armistice proposals by Bulgaria sent the corn market sharply downward today. General selling resulted from reports of the new peace move and there was a broad active market.

Options prices, which ranged from 1 1/2 to 1 3/4 lower with October 1 1/2 1/4 to 1 1/2 and November 1 1/2 1/4 to 1 1/4, were followed by a slight rally and then by a decided fresh break.

Oats reflected the weakness of corn. After opening 1/2 to 3/4 lower, with one in reserve, they resisted the advance of the American troops early today. They were instructed to hold the town at all costs.

By a general review of the fight after many hours, it is evident that the enemy is stubbornly retreating to prepared lines to which all his heavy artillery has been withdrawn. This was the reason that his artillery reaction was inadequate during the early phases of the battle.

The staff work of the American army was excellent. Continuous touch was maintained between divisions and reports were received without delay. The transport of supplies is working without a hitch.

Without a hitch, the American attack began at 5:30 o'clock this morning on a 20-mile front, between the Argonne and the Meuse. The artillery preparation commenced on the flanks at 11:30 o'clock, Wednesday night, and on the whole front at 2:30 o'clock this morning. It was of an extremely severe character and was carried to considerable distances. The German artillery, which was not in position to bring a powerful cross-fire on the front of attack was subjected to a gas bombardment during the entire time. The night was fine, but a dense mist formed toward morning greatly increasing the difficulties of the combat troops accustomed to night work.

Notwithstanding this the American assault was successful everywhere. The enemy's front line was occupied in advance of schedule and the progress continues although the enemy's resistance is strong at certain places where an attack apparently was expected before hand. The Germans were forced to give up positions of great strength, which for years had proved almost impregnable. Consequently a feeling of much satisfaction is permissible, but it is too early to announce definitely the result finally to be attained.

The counter-battery work of the Germans to restrain our advance and his morning-gun fire caused trouble. His attack was very imperfect early in the day but improved later, and was directed particularly against the American balloons. The American tanks did well when they assisted in the advance.

**Wall Street.**  
New York, Sept. 27.—Recent sellers were again buyers on a large scale at the opening of the stock market today. Equipment shares were carried

to substantially higher levels and there was a broad demand for United States Steel, oil, tobacco, International Paper and American Ice at gains of half to two points, with many new high levels being reached.

International political developments and the brilliant war news contributed to an improvement in financial sentiment, causing materially higher prices during the forenoon. The general absorption of special stocks, which responded to particular influences, Virginia deferred certificates added four points to yesterday's large advance.

**AT HIGH SCHOOL SUNDAY.**  
An unusual event in Newark will be the coming of America's Lady Military Band Orchestra and Drum Corps on Sunday, Sept. 29th, when they will give a special patriotic performance at the Newark High School beginning at 8 p. m. A free band concert and street parade are other features of the attraction. The ladies are making a tour of the various cantonments throughout the country entertaining free of charge our men in training and will stop off here for the one day only on their way to Camp Sherman. The performance is complete in every detail, entitled "Your Soldier Girl," and consists of an evening's entertainment of two and a half hours with solos and many other features. Tickets can be secured at the High School Sunday and prices are 50 cents and \$1.00. "Do Your Bit." They will also take part in the big Fourth Liberty Loan parade here on Sunday.

**ALHAMBRA.**  
Tonight and Tomorrow.  
For real thrilling exciting adventure, "No Man's Land," a new Metro play, starring the popular actor, Bert Lytell, which will be seen at the Alhambra theatre tonight and tomorrow would be impossible to duplicate. This is a screen version of the novel of that name by the famous author of adventurous fiction, Louis Joseph Vance. Mr. Lytell proves that he is well

others. It will be screened today and tomorrow.

**"Inside the Lines."**  
World Pictures announce that Lewis S. Stone, who was the star of "Inside the Lines," the sensational New York hit, is now featured in the picture of this play which will be shown at the Auditorium theatre on Sunday. Mr. Stone played the stellar role in this play when it ran a whole season at one of the biggest New York theatres. Patrons of the drama were astonished by the wonderful dramatic ability of Mr. Stone and never while in the city did the show run to a small house. "Inside the Lines" is a great picture and was grasped by World Pictures as a sure winner for their patrons. To make the success of picture a certainty the star of the original stage production and members of the original cast were engaged for the film. The Weekly, our incomparable orchestra, etc., will be added features.

**O'Brien's Minstrels.**  
Continuing its well known policy of always presenting an entire new and up-to-the-minute show, the Neil O'Brien Minstrels will play their annual engagement at the Auditorium theatre on next Monday evening with a production that is claimed to be superior to any they have previously offered. No minstrel comedian in the country is more popular with his audiences than Mr. O'Brien, who for the past six years has given the public what many con-

Vaughn Comfort and Johnnie King with the Neil O'Brien Minstrels at the Auditorium Monday, September 30th.

called "the athletic actor." In this picture he rescues from drowning, fights German sailors by the score, wrests a gun from a would-be suicide, blows up an enemy raider with a cleverly concealed bomb, and last but not least—rescues the beautiful lady from the hands of desperate men.

**Sunday.**  
Solomon, Miss Margarita Fisher's wonderful trained hound, is not the least important member of the cast in her latest American Mutual play, "Impossible Susan."

The dog was reared from a puppy by Miss Fisher who regards him as a personal friend rather than as an ordinary "house dog," which some members of the organization insist he is. Though Solomon has a strain of Russian wolf hound in him and, according to Miss Fisher, is of aristocratic derivation.

At all events the dog saved Miss Fisher's life one day when she was captured in a catboat and becoming entangled in the rigging was held pris-

soner by the best minstrel entertainment possible. Mr. O'Brien is now making his seventh annual tour at the head of his own company, under the management of Mr. Oscar F. Hodge.

The first part, which is of course, a distinctive feature of a minstrel program, entails the services of eight clever comedians, with new songs and jokes, twelve singers with up-to-date ballads, and an orchestra of sixteen artists, under the direction of Musical Director Frank Fuhrer, who have all been especially selected to lend distinction to this part of the performance.

The first part setting is said to be a masterpiece in art drapings of silk and satins, with new and novel lighting effects. The second part of the show will consist of new feature acts.

Seats were placed on sale this morning.

**"Her Regiment."**  
Another pleasant entertainment is promised by Joe Weber, as an announcement from the offices of the

Miss Mable Wilber and her dancing girls in "Her Regiment" Auditorium Tuesday matinee and night.

underneath the boat. Solomon dived and nearly ripped the clothing from the star's body but he tore her loose from the entangling cordage. Solomon wears a collar engraved with a chronicle of the event.

**AUDITORIUM.**  
**"Uncle Tom's Cabin."**  
The picturization of Mrs. Harriet Beecher Stowe's famous novel, "Uncle Tom's Cabin," the new starring vehicle for Marguerite Clark, attracted especially audiences to the Auditorium theatre yesterday. Both the star and picture play were seen to the finest advantage.

Both were more than acceptable to the enthusiastic crowds that acclaimed it as one of the most artistic productions seen at that playhouse this season. Miss Clark was finely supported by competent screen players, chief among whom were Frank Losee, as Uncle Tom, Walter Lewis, as Simon Legree, Ruby Hoffman, as Cissy, Henry Stanford as St. Clair, Florence Carpenter as Eliza, Joe Austin as Harris, Augusta Anderson, Susanne Willis and

Auditorium theatre, that Victor Herbert's latest musical comedy, "Her Regiment," will have its local premier on next Tuesday evening.

It will be remembered that Mr. Weber, sent "The Only Girl" here a short time ago. The music of this piece was also from the melodious pen of Mr. Herbert, and the excellence of the entertainment is still fresh in the minds of theatregoers.

In sending "Her Regiment" on tour, Mr. Weber has retained Frank Moulan and the entire Knickerbocker Theatre, New York company.

"Her Regiment" marched to prosperity in New York. For a whole season, the play was complemented with exactly audience. The new Herbert airs swept like wildfire along Broadway, after the opening night, and have retained their popularity throughout the summer. The footlights and waltz times are just the sort which are sure to set your feet in motion, and a pretty packer from your feminine friend.

The fact that the play comes with the same cast which was seen in New York, promises to make the engagement of "Her Regiment" one of the real treats of the season.

Seats on sale Saturday morning.

# NERVOUS?

A Vigorous Healthy Body, Sparkling Eyes and Health-Colored Cheeks Come in Two Weeks, Says Discoverer of Bioferen.

## 7 A DAY FOR 7 DAYS

If you are ambitious, crave success in life, want to have a healthy vigorous body, clear skin and eyes that show no dullness, make up your mind to get a package of Bioferen right away.

It costs but little and you can get an original package at any drugstore anywhere.

Take two tablets after each meal and one at bedtime—seven a day for seven days—then one after meals till all are gone. Then if you don't feel twice as good, look twice as attractive and feel twice as strong as before you started, your money is waiting for you. It belongs to you, for the discoverer of Bioferen doesn't want one penny of it unless it fills all claims.

Note to Physicians: There is no secret about the formula of Bioferen. It is printed on every package. Here is its formula: Calcium Glycero-phosphate, Inorganic Phosphate, Potassium Iodide, Ext. Nux Vomica, Ext. Gentian, Phenolphthalein, Oleic Acid Capsicum, Kolo—Adv.

# ACIDS IN STOMACH CAUSE INDIGESTION

Greates Gas, Sourness and Pain How To Treat.

Medical authorities state that nearly nine tenths of the cases of stomach trouble, indigestion, sourness, burning, gas bloating, nausea, etc., are due to an excess of hydrochloric acid in the stomach and not as some believe to a lack of digestive juices. The delicate stomach lining is irritated, digestion is delayed and food sour, causing the disagreeable symptoms which every stomach sufferer knows so well.

Artificial digestants are not needed in such cases and may do real harm. Try taking some all digestive aids and instead get from any druggist a few ounces of Bisurated Magnesia and take a teaspoonful in a glass of water right after eating. This sweetens the stomach, prevents the formation of excess acid and there is no sourness, gas or pain. Bisurated Magnesia (in powder or tablet form—never liquid or milk) is harmless to the stomach, inexpensive to take and is the most efficient form of magnesia for stomach purposes. It is used by thousands of people who enjoy their meals with no more fear of indigestion—Adv.

# DOCTORS GIVE REASONS FOR SPRING FEVER

Explain Its Real Meaning

"The name Spring Fever," said a well known physician in conversation the other day, "is a misnomer, and is largely a figure of speech used to describe the peculiar lassitude, that so many people complain of at the expiration of our winter months. It is a physiological condition, well known to the medical profession, and is not a fever at all, but a general letting down of nature's forces, particularly the nervous centers, due to the deficiency of iron and phosphorus both of which are absolutely necessary for the maintenance of bodily vigor."

"Of course," he continued, "the excessive meat eating, the loss of green vegetables and of oxygen, of which there is so little in the average heated house, all play their part. The result is that nature is calling for an increased output of the vital forces during the winter months, and this demand means more phosphorus and iron. For it is these two potent remedies combined, which are nature's armament in her defensive warfare. With the advent of warm weather, the pores act more freely and the heart slows up and the peculiar lassitude which we call Spring Fever is manifested."

"And the remedy, Doctor," an interested listener asked? "Why my dear sir, the remedy for this starved nerve and blood condition is Phosphated Iron. But there is no reason why we should ever reach this point, if we would, from time to time take that well known tonic, Phosphated Iron, and so maintain the physiological balance, as shown by our color, our sense of well being, push and activity, all of which are necessary to make life worth while."

And the Doctor was right. Special Notice—To insure Doctors and their patients receiving the genuine Phosphated Iron, we have put in capsules only. Do not allow dealers to substitute tablets or pills. Insist on capsules.

# AMBITION PILLS FOR NERVOUS PEOPLE

The great nerve tonic—the famous Wendell's Ambition Pills—that will put vigor, vim and vitality into you tired out, all in a few days. It is a few days more than it takes to get a package of Ambition Pills. It costs but little and you can get an original package at any drugstore anywhere.

For any affliction of the nervous system, Wendell's Ambition Pills are unsurpassed. While they give you strength and vitality, they are simple and pleasant. Fifty cents at all drug stores and everywhere—Adv.

# \$120,824 TO SELL BEFORE JOB'S DONE IN THIS COUNTY

With six village banks yet to report, the War Savings Stamp sales in Licking county for the week ending September 26th, amounted to \$120,824 of which the sum \$9,722 is credited to the postoffice and \$111,102 to the banks. This makes the total sale to Sept. 26, \$1,115,326, leaving a balance of \$120,824 to be sold before Licking county is placed in the Victory list.

Effron of Ohio's 88 counties have sold their full year's allotment of War Savings Stamps though none of the fifteen has sold as large a number of stamps as Licking county. The quota is based upon population. \$20 per capita. In total sales to date, Licking county ranks tenth in Ohio, in school purchases this county is sixteenth out of 88 and in per capita sales 24th in Ohio. This state is leading every other state in total sales of stamps.

The Licking County Victory list shows of 200 W. S. \$1 now numbers over 600, the largest in Ohio. Cincinnati and Columbus excepted. New members of the Victory List are James Linehan, Miss Carrie Miller of Mayor Atherton's staff, Capt. C. E. McCracken, R. D. A. Newark.

The government has announced another two billion dollar War Savings Stamp issue of 1919.

September W. S. pledges are now due. The price of a W. S. tomorrow and Monday will be \$1.26. On Tuesday the price advances to \$1.21. In order to take advantage of the present price Thrift Stamps should be converted into War Savings Stamps not later than Monday, September 30th.

# SEEKS COMMISSION AS OBSERVER IN BALLOON

Former Denison Student Takes Examination—Writes of Camp Life at Brook Field.

Powder V. ("Chick") Harper, of the 67th Aero Squadron, Brook Field, San Antonio, Tex., is out for a commission, having taken examination for admission in the balloon observation school at Omaha, Neb., according to a letter written to Justice of the Peace Bert O. Horton, Harper, a former Denison student and is the son of Rev. Mr. Harper of Ada, former M. E. pastor at Hanover. Parts of his letter follow:

Brook Field, San Antonio, Texas, September 24, 1918. "I don't suppose that you knew of my enlistment. I joined the aviation section last July at Chicago. Enlisted just three days before I became twenty-one. From the time I drafted I guess it was a good thing that I got in when I had the chance."

"I was sent to Jefferson Barracks, St. Louis, Missouri, for equipment and stayed there two weeks. It was a hum place and I was mighty glad when they shipped me to Brook Field. I have been here now for about five or six weeks and will say that I like the place fine. The field is one of the finest in the country. Everything is new and it is still one of the best places for better men. We get a Sunday dinner that would astonish you. The climate, though terribly warm during the day, is not oppressive, and is very dry and healthful. I am feeling fine since I came down here. The field is comparatively a new one and has at present about 1,600 officers and men."

"At first I had a pretty hard time of it. I did about every kind of dirty work that they had on the field, from cutting in the kitchen, repairing pots and pans, to swinging a shovel on the pick and shovel gang. But this did not last long and now I have a fine job working in the office of the Lubrication Department. I have to do clerical work, punch a typewriter, make out reports etc."

"The best news I can give you concerning myself, Bert, is that I took the examination for balloon observation school and am awaiting orders to go to ground school. I don't know where I will go, but probably to Fort Omaha, Nebraska. I am very much elated over it and am anxious to get there and get into the work, as there is no commission in it when I have successfully completed the course."

Time to Move. Hobson—Do you think it is a good time to sell my house?

Agent—Well, it may not be a good time, but I advise you to sell it. The boy scouts of the neighborhood are just getting up a jazz band—Life.

# SICK WOMAN NOW WELL

Took Lydia E. Pinkham's Vegetable Compound. Read Her Letter.

Pottsville, Pa.—"For a long time I was bothered with pains in my side, and was so weak from my trouble that I could not do any lifting or hard work of any kind. If I tried to straighten out when lying down it seemed as though something would tear loose. Lydia E. Pinkham's Vegetable Compound has restored my health and I am quite myself once more."

—Miss HAZEL CHUBBUCK, Pottsville, Penn.

# OHIOANS INVEST SEVENTY MILLIONS IN WAR STAMPS

Columbus, Sept. 27.—In nine months since the War Savings Stamp campaign opened in Ohio, the people of the Buckeye state have saved and loaned to the government through the purchase of stamps and amount sufficient to construct 75 ships of 5000 ton capacity. In the comparison made by the Ohio War Savings committee today. Since there are approximately 200,000 Ohio boys in the service—155,000 in the national army, about 40,000 volunteers and more than 25,000 in the federalized national guard—these ships will be sufficient to carry tonnage to support two-thirds of the Buckeye boys on the fighting fronts. Of course, not all of the 200,000 soldiers are overseas.

People of Ohio will have saved and loaned to the government through purchase of War Savings Stamps more than \$70,000,000 by October 1. This amount will provide not only sustenance for the brave Ohioans in battle, but represents a splendid investment for those people who have purchased War Savings Stamps. Ohio is still leading the nation in W. S. sales.

The millions of dollars invested in War Savings Stamps by Ohioans will be returned by the United States treasury in 1923 with added millions in interest at a time, perhaps, when it will be more appreciated. The weekly sale of stamps in Licking county according to advices from the War Savings committee in Newark today, will exceed \$20,000 leaving a balance of approximately \$120,824 for Licking county people to buy before Licking county is placed in the Victory list. Already fifteen Ohio counties have bought their whole year's quota of W. S. S.

# SHERIFF HINTON PRAISES TANLAC

Auglaize County Officer Says, "It Relieved Me of Nervousness."

There may be someone in the Buckeye state who is better-known than Ora Hinton, of Wapakoneta, but it is safe to say that Mr. Hinton is known to his friends by the thousands. For years a prominent politician he is now sheriff of Auglaize county, Ohio.

Mr. Hinton is a strong advocate of Tanlac, the new preparation made from roots, flowers, herbs and berries, for the relief of derangements which arise from overworked nerves, weak stomachs, disordered kidneys and stagnant livers. In relating his personal experience he says:

"I suffered from a nervous breakdown. My nerves were in such a highly-keered condition that I couldn't sleep soundly. Tanlac was so highly recommended to me that I decided to try it."

"And now, after using several bottles, I want to say that I feel fine. I am all right. I can conscientiously recommend Tanlac in the highest terms."

And so it is with people in all parts of the land today. They endorse Tanlac because it has given them better health, more strength, more vigor and ambition to work and win. If you don't feel right, why not try Tanlac?

Tanlac may be obtained in Newark at Erman's Arcade Drug store. Tanlac may also be procured at the Evans Pharmacy, Warden Hotel block, east side of square, Newark, and the Hebron Drug store, Hebron, O.—(Adv.)

# TREAD MILLS USED BY FRENCH IN THRESHING

Girls and Aged Men and Women Do Farm Work and Harvesting, Newark Boy Writes.

A letter has been received from J. V. Oshkness, with Company D, 54th Infantry, in a regiment in France. He tells of a pleasant trip over, with good weather, and that they had a piano and victrola on board ship. A. V. M. C. A. man accompanied them, providing reading matter and pictures, and he says the value of the Y to the soldier cannot be estimated and neither can the Red Cross.

"We have had it very easy since coming over, and are billeted in a small town. The girls are very scarce and a different type from Americans. Most of them are working in the munition factories."

"This is a very fertile country and there is a lot of small grain raised. Girls and old folks work in the harvest fields and the farm implements are antiquated. Two wheeled carts, with one horse in front and another in the rear. Tread mills are used for threshing machines, and they are operated by one horse treading it which is very slow. The stock and cattle is the finest I have ever seen. I am well, and we are sleeping in French chateaux, which are very cold. Our fare consists of beans, potatoes, roast beef and other nourishing foods."

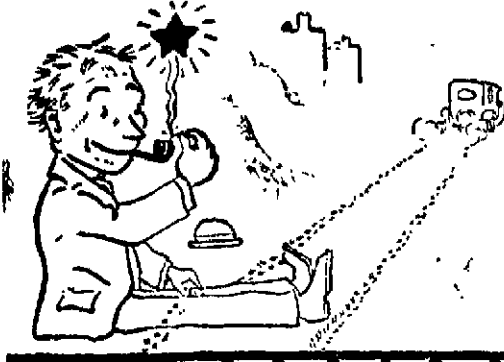

"We are issued smoking and chewing tobacco, so we really are not in need of any money."

# HEARS NO KICKS ON MUD IN GEORGIA CAMP

Ohio Soldiers Training There Make Sport of Mud Road and Mud at Camp Gordon.

Mud roads and mud are made sport of by the boys in a Georgia camp. Carl Dunson, who was a former Advocate carrier and was employed as a book keeper for the American Red Cross office, before entering the army, writes his parents Mr. and Mrs. John Dunson, 66 Prospect street from camp Gordon, Ga., Sept. 19th.

"Returned from the range yesterday. The marching wasn't so bad this time as it wasn't so hot. It rained the morning we left and the roads were very muddy, so places the water was six inches deep, wherever there

## GOD BLESS THAT BOY!

### "The Little Flag on Our House"

William C. Demorest, in Leslie's Weekly

The little flag on our house  
Is floating all the day  
Beside the great big Stars and Stripes;  
You can almost hear it say  
To all the folks in our street,  
As the breezes make it dance:  
"Look up and see my own blue star—  
We've got a boy in France!"

The little flag on our house,  
It floats sometimes at night,  
And you can see it 'way up there  
When the street lamp shines just right,  
And sometimes, 'long toward morning,  
When the cop comes by, perchance  
It signals with its one blue star—  
"We've got a boy in France!"

The little flag on our house  
Will wave, and wave, and wave  
Until our boy comes home again,  
Or finds in France his grave.  
Nay—tho' its blue star turns to gold,  
Because of war's grim chance,  
It still shall wave to say: "Thank God,  
We've got a boy in France!"

**T**ODAY, he is more than your boy or my boy! Today he fights for the purity of all womanhood, the safety of all children, for tenderness to all the aged. Today he avenges the outraged women, the wantonly crippled children, the cruelly treated old left by the dastardly Hun. Today he fights to restore and maintain peace in all the world so wickedly disturbed by the gruesome German. He fights to reconstitute, as self-governing nations, those peoples ruthlessly destroyed by the merciless military masters of Hundom.

## But We Must Do Our Part!

We must lend as the boys in France fight—to the utmost.

## We Must Fight with our Money by buying Liberty Bonds

At the outbreak of this war Lord Kitchener said, "There are three things that will win this war—MEN, MUNITIONS, MONEY." He mentioned money last, but without money there would be no men on the firing line, no munitions, no supplies. We of the second army must fight with our money. Our former habits are the Huns we've got to battle with. We can't go on living as we used to. We can't go on spending our money for things we like. We must set up new standards—and stick to them—LOYALLY.

Remember that if you fail to buy YOUR FULL SHARE OF LIBERTY BONDS you are actually evading your PATRIOTIC DUTY. The salvation of the civilized world is in your hands. And you must help to give our soldiers the power to crush the German tyrant.

Will you do it?

You can answer that question for yourself and answer it in the RIGHT WAY by signing a subscription blank for all the Liberty Bonds you can possibly afford, when one of the war workers calls to see you.

 nity.

**Reese to Coach Team.**  
 David Reese, former Denison univer-  
 sity athlete, who was assistant to Foot-  
 ball Coach Chambers at the University  
 of Cincinnati last fall, is considered the  
 logical choice for the same position this  
 fall. Reese is one of the best-known  
 college athletes in the state, he having  
 made the basketball, football and base-  
 ball teams several years while at Deni-  
 son. He is now in the dental reserve.

**Show Closes Saturday.**  
 The annual pumpkin show is being  
 held at Somerset and will come to an  
 end Saturday night. A number of  
 Newark and Licking county people  
 have made entries and this year's show  
 is about to be the best held in a number  
 of years. The town was crowded yes-  
 terday and many Newark  
 people being in attendance.

**In Aviation School.**  
 Ex-Mayor R. C. Bigbee has received  
 a letter from his son, Cecil, stating  
 that he had been transferred to the St.  
 Paul, Minn., aviation school. He en-  
 joyed an aviation mechanic at Chi-  
 cago on September 10.

**Picture of Home.**

## DENISON LEASES - NEW MESS HALL

**Warner Building is Taken Over as Eating Place for Students in Army Corps.**

(Special to the Advocate.)  
 Granville, Sept. 27.—Arrangements have been made by Denison University officials whereby the Warner building in North Prospect street has been taken as a mess hall for the Student Army Training Corps. The large room on the second floor, in which the White Elephant sale was held last spring, will accommodate from 450 to 500 men, while the vacant store room on the ground floor will serve as a kitchen.  
 Professor and Mrs. Theodore Johnson who have been in Philadelphia all summer are expected to arrive at their home in Granville the first of next week. Prof. Johnson who was engaged in a special course of the government and who was seriously injured in a motor bus accident just as he had completed his work, has so far im-  
 proved by the hospital treatment as to be able to travel in a few days.  
 R. V. South, head of the voice department in Denison Conservatory, has returned from his eighty day chautauqua engagement, accompanied by Mrs. Soule who spent most of the summer at her Iowa home. The student recital on October 2 for which Mrs. Soule was billed has been postponed to October 16th.  
 In addition to the recitals already scheduled on the 1918-19 calendar of the Conservatory, a number of recitals by alumni, who can be secured for that purpose, is contemplated.  
 To meet the needs of the rapid growth in the organ department, the Conservatory has purchased a fine new pipe organ for additional practice purposes which was to have been built during the summer by the Esley Organ company and to have been ready for use at the opening of the fall semester. The work has not yet been done but it is hoped that by October 9 it will be ready for Miss Brown's recital. This organ will be modern and mechanically complete in every way.  
 C. E. Slack who went to Chicago Tuesday to attend a convention of the American Bankers' Association, expects to visit his sister, Mrs. George Shull in Uniontown, Kansas, before returning home.  
 The Granville Mother's club will meet with Mrs. Forbes Wiley Monday evening, September 30.  
 The Licking county blackbirds are mobilizing their forces, presumably for their annual invasion of the south barracks are found at the corner of Broadway and Mulberry street and other strategic points in Granville. Mess halls are furnished on the adjacent farms. At twilight there is a gathering of the clans in town.  
 Mrs. E. J. Henry has been under the doctors care for several days this week, the result of a severe cold.  
 Red Cross rooms will be open all day Saturday to receive clothing for destitute Belgian and French civilians. Don't delay the work must be completed tomorrow. Monday is surgical dressings day.  
 Mrs. Charles Metcalf who entered Vassar College last June for the summer intensive training for nurses, has been visiting her mother, Mrs. Clara T. Brumback at Shepardson College before going on to Cincinnati where her training will be completed.  
 Miss Helen Ray who entered on her nursing probation last June in St. Luke's hospital Chicago, was accepted last week and continues to be enthusiastic over the work.  
 Mr. and Mrs. S. P. Tresize have returned from a visit to the daughter, Mrs. Effie Christy in Akron. Their grandson Robert Christy returned from Fort Sheridan on the commission of second lieutenant and their grand son-in-law Captain George Fink who enlisted in the medical corps has been transferred to the cavalry.  
 Langdon White, nephew of C. B. White and Mrs. Frank Ferguson and a member of the Denison chapter of Phi Gamma Delta, is now seeing life from the interior of a fighting "tank" at a camp in the south.

**WOMEN'S BAND**  
 (Continued From Page 1)  
 formation promptly at 1:30 o'clock, Sunday afternoon. The parade will move promptly at 2 o'clock.  
 It may be possible that some society or organization has not received a personal invitation to join in the demon-  
 stration, but it was not the intention of the committee to miss anyone. If such has happened they are expected to take this as a personal invitation and join in showing their enthusiasm and help add to the success of this big celebration. Call Chairman H. F. Darrow, Auto phone 1303, and he will gladly assign such organizations to a place in the parade.  
 The following is the tentative program:  
 Each division will form at specified location in order as numbered, promptly at 1:30 p. m.

**TOWN OF NITRO GROWS RAPIDLY**

School Houses Started Few Days Ago, Open Oct. 1, Says Lieutenant Irvine.

Uncle Sam's Aladdin's Lamp has been rubbed and Nitro, W. Va., sprung into existence in a twinkling. Within a few months, a large city has been built where none existed before, according to a letter received by The Advocate from Lieutenant Walter A. Irvine who has been assigned to post at Nitro.

"A few days ago they started building school houses," said Irvine's letter, "and notices are up that school will be started October 1. And they'll do it."

Lieutenant Irvine is also impressed by the fine qualities of Western men who have been assigned to duty at the post. "They are the best lot of men I ever saw," his letter states.

Major Irvine says:

"It would seem that the censorship is not so strict at some places as it is here. I will try to keep within the limits prescribed to us. No one is allowed to keep a camera here, but you must turn it over to the police, who are the interior guard work. These are civilian employees of the Gov't and they cost Uncle Sam as much as five soldiers."

Lieut. Walter A. Irvine

**AWARDS MEDALS TO 34 YANKEES**

Five Distinguished Service Trophies Given Posthumously to Officers and Privates.

(Associated Press Telegram)

Washington, Sept. 27.—General Pershing reported yesterday the award of the distinguished service cross to 34 enlisted men and officers of the American expeditionary forces and to one member of the French army for extraordinary heroism in action.

Five of the crosses were awarded posthumously to First Lieutenant C. A. Hammond, Port Huron, Mich.; First Lieutenant R. C. Dickson, West Bend, Wis.; Private Edward T. Vibert, Benson, Ill.; Private Thomas P. O'Connor (not identified) and Private Ben Hope, Hazlet, Ind.

Those who received their crosses are: Major G. M. Wilson, Flint, Mich.; Captain C. T. Senny (not identified); Captain George H. Gago, Rochester, N. Y.; First Lieutenant Herman Mayne, Baton Rouge, La.; First Lieutenant Frank L. Williams, Elizabeth City, N. J.; Sergeant R. R. Kahn, Kalamazoo, Mich.; Sergeant R. O. Thompson (not identified); Corporal Gustave Michaela, Alton, Ill.; Corporal Paul H. Reiker, Manistique, Mich.

Private W. V. Seelye (not identified); Private Stephen V. Shipman, Dunbar, Mich.; Private Pontiac Williams Jr., Hart, Mich.; Private Fred Connolly, Detroit, Mich.; Private Andy Stryker (not identified); Private Harold J. Devoreaux, Carleton, Mich.; Private David N. Binkley, Ames, Iowa; Sergeant William L. Zinsinski, Detroit, Mich.; Private John J. Seidman, Grand Rapids, Mich.; Corporal Matt Stevens, Waconia, Mich.; Corporal Clarence Smith (not identified); Private Jacob Masson, New-Haven, Conn.

**SECRETARY BAKER SEES YANKEES START ATTACK**

(Associated Press Telegram)

With the American Army on the Champagne front, Thursday, Sept. 26, (4:30 p. m.) Secretary of War Baker witnessed the beginning of the American drive along the front, northwest of Verdun, this morning. At 5 o'clock after the enemy positions had been bombarded with high explosives and gas shells, the American infantry advanced. Squads of tanks again formed an effective part of the attacking force, especially in the region of Chauby. These "land battleships" moved up with the infantry, smashing down wire entanglements and pushing the enemy from machine-gun nests. The work of the American airplanes was one of the features of the combat. An aerial barrier was maintained over the line, preventing the enemy from observing the movement of troops. In spite of the fog, the airman swooped low over the enemy and materially assisted the advancing infantry.

Lieutenant Irvine is assigned to the 5th Battalion, Nitro, W. Va. He recently was stationed at Omaha, Neb.

**ELKS OPEN FALL AND WINTER SOCIAL SEASON**

The fall and winter season of the local lodge of Elks will open next Tuesday evening and will be followed by a social session. Exalted Ruler Harry D. Hale and the social committee of the order will outline a plan of entertainment for the season, while the officials of the lodge will arrange a program of winter activities and push the membership campaign.

On Tuesday evening, James F. Irwin, chairman of the delegation to the state convention, will make his report, as will also George Grazer, delegate to the national convention, which was held at Atlantic City. Treasurer W. W. Gard will also have an interesting report, as will also Fletcher S. Scott, chairman of war activities.

All Elks having old clothing to spare are kindly requested to leave same in the Y. M. C. A. room, to be used for Belgian relief.

**MAY VOTE SATURDAY ON SUFF. AMENDMENT**

Await Arrival of Two Supporters of Measure Before Final Action Is Taken.

(Associated Press Telegram)

Washington, Sept. 27.—Slight postponement of reaching a vote on the house resolution proposing submission to the states of the Susan B. Anthony amendment to the constitution was evidenced today by leaders of forces supporting and opposing the resolution when the senate convened. In the opinion of most members of the senate a vote will not be attempted before Saturday in order that Senators La Follette and Townsend—both supporters of the amendment—may reach Washington before final action is taken. In the belief of some a vote will not even be taken.
